

# QR-550 TIME RECORDER

The QR-550 Time Recorder incorporates essential features designed to meet the needs of virtually any type of office or industrial environment. Using sophisticated Seiko technology, the QR550 sets the standard for the time recording industry.

## MAIN FEATURES

- Auto-feed and auto-eject of time cards
- Perpetual calendar to 2096 with automatic advancement to current day, month and year
- 3 selectable pay periods (monthly, weekly, bi-weekly)
- Regular minutes (1/60th) or 1/100th of an hour
- Automatic daylight saving time adjustment
- Built-in lithium back-up battery for 5 years data protection

- Up to 6 columns

● 32-steps independent day programming controls, external chime, print colour and printing column shift functions

- Output signal for external bell or buzzer (to sound start/stop tea breaks, etc.)

● 2 colour print - black or red - to highlight irregular clockings (lateness, overtime, etc.)

- Automatic differentiation of front and back of a double-sided (monthly) time card

- Automatic IN/OUT printing column shift

- Automatic clock synchronisation

Allday Time Systems are also able to supply a full range of accessories, software and consumables.
